Who We Are

For more than 30 years, CCI Events has been turning ideas into reality. We're a full-service event design and production company — the people who make things happen. From the very first sketch to the final teardown, we handle every step ourselves: design, fabrication, branding, decor, signage, printing, logistics, installation, and removal. Whatever you can dream up, we can build it, brand it, and bring it to life.

Design & Rendering

Every project starts with a vision. We design and render each space to your exact specifications, using your branding to create a clear picture of the finished experience before a single piece is built. It's how we make sure what you imagine is exactly what you get.

Digi-Bridge

CONCEPT

Manolo's Latin Bakery

From rendered concept to completed branded hospitality environment.

COMPLETION

Custom Build & Branding

Our in-house carpentry and fabrication teams build to spec, not off a shelf. And if you need branding built from the ground up, we do that too.

FEATURE DETAIL

FINISHED ENVIRONMENT

Decor for Every Occasion

From elegant interiors to full-scale event transformations, our decor work brings warmth, polish, and personality to any space — weddings, parties, galas, and corporate events alike.

TABLE & LIGHTING DESIGN

BRANDED INTERIOR BUILD

Signage & Custom Print

Creative signage, standard signage, large-format prints, oversized letters, foam signs — if it needs to be seen, we print it and build it. We even produce specialty pieces like golf tee markers and tee box backs for tournament play.

SPECIALTY PIECES

Tournament tee markers and tee box backs, produced in-house.

Extensive Golf Event Expertise

With deep roots in the golf industry, we bring extensive experience in tournament hospitality, sponsor activations, and golf-specific decor and signage — from tee markers to full hospitality builds.

TOURNAMENT HOSPITALITY INTERIORS

Any Venue, Any Scale

Tents. Outdoor venues. Ballrooms. Stadiums. We have the knowledge and equipment to design and build in any environment, adapting our approach to fit the space without ever compromising on quality.

Logistics, Installation & Removal

The best events look effortless because of the work no one sees. Our team manages logistics start to finish — delivery, installation, and removal — so everything comes together on time and disappears just as smoothly when it's over.

Experiential Marketing

Beyond decor and design, we create experiences that connect brands with people. Our experiential marketing capabilities turn events into immersive brand moments that engage audiences and leave a lasting impression.

Weddings, Parties & Special Events

We bring the same care and craftsmanship to life's biggest personal celebrations — weddings, parties, and special events — designed and produced with the same attention to detail as our largest corporate productions.

We Make Things Happen

With over 30 years of experience in event design, fabrication, and production, we're ready to bring your next event to life.
